

7. Push the SIM card slot as indicated with the arrow below until it locks into place.

8. Replace the CTO door and secure it using the screws.

## Installing a Smart Card

Your notebook is equipped with a built-in smart card reader that allows you to make secure purchases, store security information, and provide identification and information using a smart card.

1. Pull to open the battery compartment cover.

2. Insert a smart card into the smart card slot.

3. Close the battery compartment cover.
